Overview

Project: Water Well – Tharparkar, Pakistan

Project ID: P0004

Organisation: Al Khair Foundation, Bolton

Aim: Thar is a desert area, which begins around 300 kilometres (200 miles) from Karachi and runs up to the border with India. Since the beginning of March 2014, severe shortages of food and water have been reported in the Tharparkar district. A number of people [over 100 in some reports] reportedly died of malnutrition. The area has not received any significant rainfall since the end of 2013.

We will be donating the money to a charity who are involved in building wells in the locality. Each well costs £750 as stated on Al Khair Foundation's website.

Sadqa E Jariyah

Paying towards any project related to water provisions always has a really high return in reward. But to mention a few, you will get reward for;

- Everytime someone drinks from the well,
- Everytime an animal or bird drinks from the well,
- Everytime someone uses that water to perform wudhu and ghusl,
- [\(Click to listen to an audio extract in Urdu of reward associated with donating towards water provisions.\)](#)
