## Overview

**Project:** Academy Expansion

**Project ID:** P0007

**Organisation:** Madni Dawah Academy, Brierfield

**Aim:** Madni Dawah Academy (MDA) has been established by local qualified scholars (male and female) to provide the community with extensive Islamic education.

For over a decade, MDA has organised annual conferences for women and children, to provide them with further Islamic knowledge and to help build a better society. The Academy also runs an *aalimah* course for young girls and women in their community. The course aims to educate the students with a better understanding of the deen, as well as teaching them Hanafi fiqh.

Due to the increase of projects and courses run by the Academy, an urgent need has arisen to acquire a new venue in order to cater for the large number of students and the wider community.

Alhamdulillah, Madni Dawah Academy has purchased a building through Karze Hasanah (interest free loans) which will be utilised for our current activities, classes and many other future projects.

They need to raise £140,000 for the cost of the building, which also includes necessary refurbishment.

### Sadqa E Jariyah

The rewards associated with donating money towards the purchase of an Islamic institute are endless. But to mention a few, you will get reward for;

- children learning Quran,
- children learning manners and etiquettes, and implementing them throughout their lives,
- every student that learns something, and then more reward for practicing upon it,
- every second the student spends in the academy learning,
- if one of the aalimahs, goes on to teach herself...then everything she teaches her students, and they learn/practice it in their daily lives, you will get that reward.
- anyone who gets inspired from something taught in the classes and takes it elsewhere.
